

Digital Healthcare

The rapid evolution of technology is already having a significant impact on healthcare, requiring professionals to adapt to new methods of delivering patient care. Virtual consultations, remote surgeries, and the integration of artificial intelligence are becoming increasingly common, improving access, accuracy, and efficiency. We have provided a list of relevant articles from MA Healthcare journals dealing with this area, thereby providing your staff with research, information and tips that will support both their work and the care of their patients.

British Journal of Cardiac Nursing

- Generative AI in health sciences education and practice. Part 3: supporting written communication
Published online: 2 April 2026
<https://doi.org/10.12968/bjca.2026.0024>
- Generative AI in health sciences education and practice. Part 4: career development
Published online: 2 June 2026
<https://doi.org/10.12968/bjca.2026.0040>
- Explainable artificial intelligence in coronary artery disease
Published online: 2 July 2026
<https://doi.org/10.12968/bjca.2026.0047>

British Journal of Community Nursing

- Transforming wound care: the role of AI in achieving clinical and financial outcomes
Published online: 2 September 2026
<https://doi.org/10.12968/bjcn.2026.0014>

British Journal of Healthcare Management

- Nurses' experiences of adopting a digital record keeping system: a mixed-methods evaluation of the Welsh Nursing Care Record
Published online: 2 April 2026
<https://doi.org/10.12968/bjhc.2025.0075>

British Journal of Neuroscience Nursing

- Effectiveness of telehealth in providing care to people with depression: a critical commentary on a systematic review
Published online: 2 August 2026
<https://doi.org/10.12968/bjnn.2025.0088>

International Journal of Palliative Nursing

- A systematic review of artificial intelligence applications in oncology nursing surveillance and patient monitoring
Published online: 22 May 2026
<https://doi.org/10.12968/ijpn.2025.0121>

International Journal of Therapy and Rehabilitation

- Generative artificial intelligence in exercise and physical therapy: a systematic review of emerging evidence and clinical implications
Published online: 2 June 2026
<https://doi.org/10.12968/ijtr.2025.0131>

Journal of Kidney Care

- Effectiveness of nurse-led tele-nephrology interventions in chronic kidney disease management: a systematic review
Published online: 2 September 2026
<https://doi.org/10.12968/jokc.2025.0006>

Journal of Paramedic Practice

- Human, hybrid and automated education in paramedic practice
Published online: 2 August 2026
<https://doi.org/10.12968/jpar.2026.0030>

Journal of Wound Care

- Expanding access to vascular care using BlueDop Vascular Expert: an artificial intelligence-driven diagnostic tool
Published online: 5 June 2026
<https://doi.org/10.12968/jowc.2025.0595>
- Recommendations on the use of telemedicine in wound management
Published online: 2 July 2026
<https://doi.org/10.12968/jowc.2025.0281>
